Board Of Management Agreed Report

November 2025

The Board of Management met in November and continued its work in supporting the safe, effective, and inclusive operation of the school.

The Principal updated the Board on staffing matters, including the outcome of AP2 post interviews. The Board ratified the appointments and wished the successful candidates well in their new roles.

The Board was informed that Child Protection training had been completed by school leadership, with staff training scheduled and online training made available to Board members. The Board reaffirmed its commitment to maintaining the highest standards of child safeguarding.

Progress on school accommodation and building matters was discussed. The Board noted ongoing engagement with the Department of Education and external professionals in relation to emergency works and structural concerns regarding the roof.

The absence of a formal Parents' Association was discussed, and the Board welcomed ongoing efforts to re-establish it, recognising the important role of parental involvement in school life.

Child Protection and Anti-Bullying oversight reports were reviewed, and the Board confirmed that procedures remain fully compliant.
